designs

hello

I know life is a little strange right now, but if there is ANYTHING good that can come from it, is a spark of creativity in your soul! Easter is going to be drastically different than any other Easter we have probably ever experienced, but NEVER let that stop you from celebrating this amazing time.

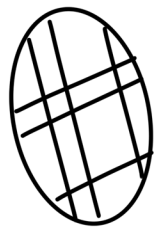

In this guide you will find several hand lettered words and elements so you can create your very own prints, cards and art! Simply print out the sheets you want, and trace using a thin paper. Use watercolor and a brush, markers, crayons, sharpies... whatever you want or whatever is on hand! OR upload to your iPad and trace from there!

Take the different elements and combine them with different words to create unique pieces of art each time! And at the end of the guide you will find a free 8" x 10" printable you can print and frame or give to a friend!

I hope this helps keep some of the joy of Easter alive for you, and you find some inspiration in these pages! I cannot wait to see what you create!
