

March is my

PRINTABLES

AKELACLARK
designs

hello

Even with life a little crazy, we always need to take the time to let the moms in our lives know how much we appreciate them!

In this guide you will find several hand lettered words and elements so you can create your very own prints, cards and art! Simply print out the sheets you want, and trace using a thin paper. Use watercolor and a brush, markers, crayons, sharpies... whatever you want or whatever is on hand! OR upload to your iPad and trace from there!

Take the different elements and combine them with different words to create unique pieces of art each time! And at the end of the guide you will find a free 8" x 10" printable you can print and frame or print, color and give to your mom!

You will also find three custom cards you can print, cut, fold and mail off to that special mom in your life!

I cannot wait to see what you create!
